

Report on Class Assembly – Earth Day

The class assembly on the occasion of Earth Day was conducted with great enthusiasm and awareness-raising activities on 22/04/2025. The theme for the assembly was 'Our Power Our Planet', was introduced by Muskan and Baishnavi. The theme was revolving around environmental conservation and the importance of sustainable living.

The assembly commenced with a soulful prayer, invoking blessings for a greener, healthier planet. This was followed by a melodious performance by the school choir, singing an inspiring song dedicated to Mother Earth, emphasizing the need for unity in protecting nature.

A thought for the day was shared by Palak Jha, stating, “The Earth is what we all have in common.” The quote resonated deeply, setting the tone for the rest of the program.

Next, an informative article on Earth Day was presented by Anushka, highlighting the history, significance, and global efforts associated with Earth Day celebrations.

To enhance vocabulary and promote environmental awareness, a new word of the day – “Anthropocene” – was introduced by Sparsh, along with its meaning and usage in daily life.

A creatively scripted skit on the need of renewable energy resources was performed by the group of students led by Ipshita, Aayushi, Divesh and Trisha of Class X, showcasing the advantages of solar, wind, and hydro power over fossil fuels. The skit emphasized the urgency of switching to clean energy to mitigate climate change.

A brief news segment followed, presented by Aarna and Gianna, covering recent environmental developments and initiatives both locally and globally, including school-level activities promoting green practices.

The assembly concluded with an inspiring address by the respected Principal Sir, who appreciated the students’ efforts and reminded everyone of their responsibilities towards preserving the environment. He encouraged students to adopt eco-friendly habits and become active participants in protecting the planet.

Overall, the assembly was a meaningful celebration of Earth Day, leaving everyone with a renewed commitment to care for the Earth.
