23 Apr 2025	Colouring Competition (Balvatika 1 & 2)
23 Apr 2025	Drawing and Colouring Competition (Balvatika 3)
28 Apr 2025	School Visit

Hand Printing Activity (Balvatika):

A delightful Handprint Activity was conducted for the students of Balvatika, allowing them to express their creativity in a colourful and personal way. Children dipped their little hands in vibrant paints and stamped them onto paper, creating flowers, trees, animals, and imaginative patterns. This activity not only encouraged artistic expression but also helped in developing sensory skills and fine motor coordination. The tiny handprints turned into beautiful keepsakes filled with joy and innocence.

Sensory Walk (Balvatika 1):

A fun-filled Sensory Walk activity was organized for the little learners of Balvatika 1. Children walked barefoot over different textured surfaces such as soft grass, smooth stones, rough mats, and sponge. This activity helped stimulate their senses and develop body awareness, balance, and coordination. The joyful expressions on their faces reflected their excitement as they explored the world through touch and feel.

Origami Activity (Balvatika 2 & 3):

An engaging Origami activity was conducted for the students of Balvatika 2 and 3. Children explored their creativity by folding colourful origami sheets into beautiful flowers. This hands-on activity helped enhance their fine motor skills, concentration, and understanding of basic shapes and symmetry. The young learners thoroughly enjoyed the process of transforming a simple paper into a lovely flower, showcasing their artistic flair.

Colouring Competition (Balvatika 1 & 2):

A Colouring Competition was joyfully held for the young artists of Balvatika 1 and 2. With crayons and colour pencils in hand, the children enthusiastically filled their sheets with bright and beautiful colours. The activity provided a great platform to showcase their imagination, creativity, and fine motor skills. It was a delightful experience watching the tiny tots concentrate deeply and enjoy the world of colours.

Drawing and Colouring Competition (Balvatika 3):

A delightful Drawing and Colouring Competition was conducted for the students of Balvatika 3. Beautiful scenery was shown to the children, which they observed carefully. They were then encouraged to recreate the same on their own sheets. With great enthusiasm and creativity, the young artists drew the scenery and filled it with vibrant colours. The activity helped develop their observation skills, imagination, and fine motor coordination. Their colourful artworks were truly a treat to the eyes.

School Visit (Balvatika 2 & 3):

A special School Visit was organized for the curious learners of Balvatika 2 and 3 to explore the vibrant environment of our Air Force School. The little ones were excited to tour different areas of the school, including the library, computer lab, play area, music class, and activity room. This experience helped familiarize them with various learning spaces and made them feel more connected to the school community. Their eyes sparkled with curiosity and excitement as they discovered new places and enjoyed this fun-filled educational tour.
