

## **Number Day Celebration at DPS Maruti Kunj**

*Date: 7 May 2025*

DPS Maruti Kunj celebrated *Number Day* with great enthusiasm and creativity on 7th May 2025. The event aimed to highlight the importance and beauty of mathematics in everyday life and to foster a love for numbers among students.

The day was marked by a range of engaging and thought-provoking activities across various classes. Senior students from Classes XI and XII participated in an exciting "Sudoku" quiz that tested their logical reasoning, numerical aptitude, and problem-solving skills. Classes IX and X took part in hands-on mathematical activities centered around topics such as square roots, linear equations, and arithmetic progression. These sessions offered students an interactive way to explore mathematical concepts beyond textbooks.

A special skit was presented by students of Classes VI to XII, creatively portraying the journey of numbers and their relevance in daily life. This performance was not only entertaining but also educational, offering a fresh perspective on how mathematics shapes the world around us.

The middle & senior classes joined the celebrations by adorning their classroom boards with vibrant decorations and informative displays, all themed around numbers. These visually appealing boards showcased mathematical facts, puzzles, and illustrations, reflecting the students' enthusiasm and understanding.

The *Number Day* celebration at DPS Maruti Kunj successfully combined learning with fun and reinforced the significance of mathematics as a vital life skill. It was a day filled with exploration, collaboration, and numerical wonder.
