Spreading Happiness

The students of Class XI at DPS Maruti Kunj took a heartwarming initiative to spread happiness by distributing sweets and essential items to the support staff, including maids and guards. With bright smiles and kind hearts, they shared laddoos, flour, and sugar as a gesture of gratitude and appreciation.

Principal Mr. Akhilesh Chaturvedi appreciated the thoughtful effort, praising the students for their compassion and social responsibility. The initiative served as a beautiful reminder that small acts of kindness can make a big difference.
