

# PARIKSHA PE CHARCHA

## **\*Pariksha Pe Charcha Screening\***

The school organized a special screening of Pariksha Pe Charcha Episodes 1 and 2 for students of Classes VIII, IX, and XI in the auditorium on the big screen, while students of Classes X and XII viewed the programme on LCD screens installed in their respective classrooms. The initiative aimed to motivate learners, address exam-related stress, and promote a positive approach towards academics.

661 students participated in the session, along with 45 teachers. For those unable to attend in person, the episodes were shared in the respective class groups, enabling students as well as parents to watch through the provided link, thereby extending the impact beyond the school premises.

The screening was well-received and proved to be an engaging and insightful experience, reinforcing confidence among students.

Hon'ble PM of India Shri Narendra Modi strongly reinforced the message that students should not be scared of failure, but view it as a stepping stone to learning, growth, and success.
