

DELHI PUBLIC SCHOOL MARUTI KUNJ

REPORT ON INTERACTIVE SESSION ON “EMERGING CAREERS”

Date: 30 September 2026

Classes: XI & XII – Science Stream

Venue: Delhi Public School, Maruti Kunj

In collaboration with: Shoolini University

Interactive Session on Emerging Careers

Delhi Public School, Maruti Kunj organised an interactive session on “Emerging Careers” for the students of Classes XI and XII Science in collaboration with Shoolini University.

The session aimed to broaden students’ understanding of the rapidly evolving career landscape and introduce them to new and emerging opportunities beyond the conventional career pathways. The interaction encouraged students to explore diverse fields and make informed choices based on their interests, abilities and future aspirations.

The session was conducted by Dr. Rohit Sharma, Associate Professor, Faculty of Applied Sciences and Biotechnology, Shoolini University, and Vinnmre Kaushal, Assistant Professor, Shoolini University. Dr. Sharma, a researcher with extensive postdoctoral experience and numerous research publications, shared insights into contemporary areas of research and innovation. Vinnmre Kaushal spoke about student-driven research, experiential learning and industry-academic engagement.

The speakers highlighted the importance of curiosity, innovation, research orientation and adaptability in preparing for the careers of the future. The students were encouraged to look beyond traditional career choices and explore the possibilities emerging from advancements in science, technology and interdisciplinary fields.

The interactive nature of the session enabled students to engage with the speakers, clarify their queries and gain a broader perspective on career opportunities available to them after Class XII.

The session was an enriching experience for the students and reinforced the importance of exploring opportunities, building curiosity and shaping the future with informed career choices.
