

Classes XI–XII (Only for Biology Students)

DPS/GN/2026-27/216

October 05, 2026

Dear Students and Parents,

What if you could explore how biology, engineering and technology come together to address some of the world's most pressing challenges?

Plaksha University invites schools to nominate up to 3 students from **Classes XI–XII for the Biotech Ambassador Program 2026** — an exclusive, faculty-led experience designed to introduce high school students to the exciting field of Biological Systems Engineering.

Students will have the opportunity to:

- ❖ Explore emerging applications of biology, engineering and technology
- ❖ Learn directly from Plaksha faculty and researchers
- ❖ Engage with a community of curious and like-minded students
- ❖ Experience Plaksha University's campus through a special campus immersion

Important Details:

Eligibility: Classes XI–XII

School Nominations: Maximum 3 students

Selection: Only 100 students from across India

Nomination Deadline: October 07, 2026

Registration: The registration form must be completed by the student, including the details of the counsellor.
